

Assignment 6 – NOT FOR MARKS

Due date: as indicated on Moodle

You may work alone or in a group of 2.

Objectives:

- Use Collections

Instructions:

1. Modify assignment 4 to use **Vectors** as your data structure
2. Modify assignment 4 again to use a **Queue** as your data structure
3. Modify assignment 4 for the third time to use a **linked list**.

Food for thought:

1. Does it make sense to use a **Map** as your data structure for assignment 4?
2. Does it make sense to use a **Stack** as your data structure for assignment 4?

Have fun 😊
